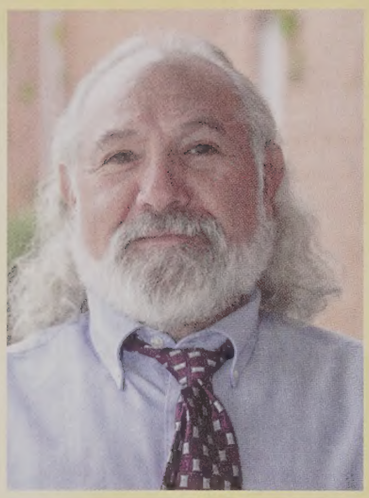
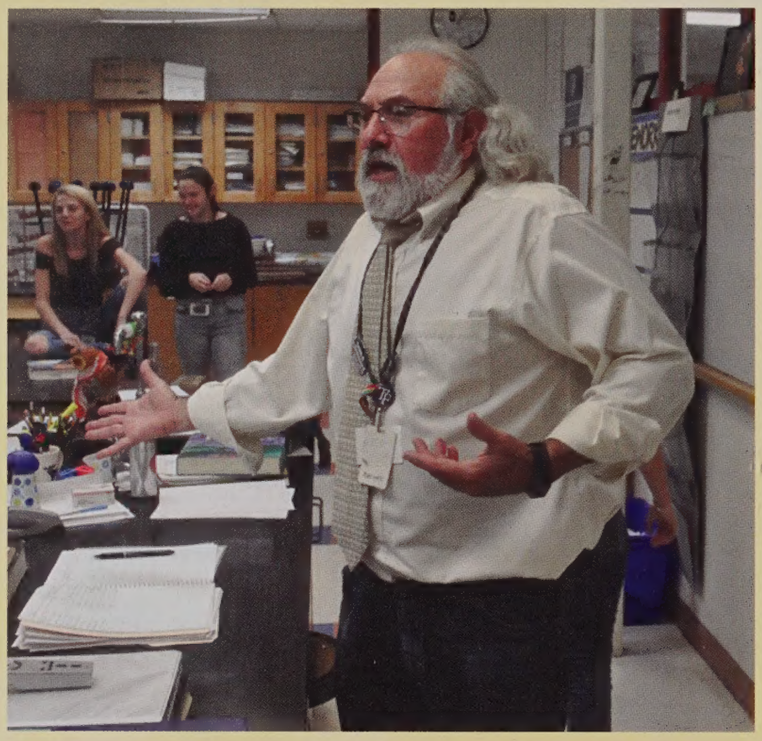
THANK YOU, Mr. Perlman & Dr. Harrington

For all of your years @ Turners Falls High School. Enjoy your well earned retirement.



Mr. Perlman



Dr. Harrington

How many years have you been teaching at TFHS?

PERLMAN: 20 years

HARRINGTON: 10 years

What is your favorite class you have taught?

PERLMAN:
Memory not good enough

HARRINGTON:
Plant and Soil, enjoy helping the cafe and teaching students how to garden

What is your best memory teaching at TFHS?

PERLMAN:
The first time Turners Softball won States

HARRINGTON:
Jalen Sanders turning on the emergency eye wash and getting water all over the classroom

What are some things you wish people understood about teaching?

PERLMAN:
The purpose of teaching is to teach students about the real world and we're trying to prepare all students

HARRINGTON:
Gratifying if given oppurtunity to just teach. I love connecting with students; it can be very rewarding and is an incredible amount of work.

What do you plan on doing after retirement?

PERLMAN:
Ski during the week, golfing, cut down trees, and walk my dog

HARRINGTON:
Combination of spending more time in the garden, learning more about birds, and playing more guitar

If you could start over, what would you have done differently?

PERLMAN:
Use more of my sick days

HARRINGTON:
Using all of my personal days instead of having them roll over into sick days

Mr. Grover

Appreciation

Mr. Grover started his tenure at TFHS this year. As a custodian his repsonsibity is to keep this school clean and maintain a postive learning environment here at TFHS. There is never down time for Mr. Grover. You'll never see him take any time off. From the start of his shift to the end, he's always working to the best of his ability. His job is to keep the school as clean as possible and that's exactly what he does. He takes his job very seriously no matter the time of day.

"Thank you for all of your hard work"

Sincerely,
All students & staff

Mr. J

Class Advisors

Thank you to our amazing class advisors, Mr. J and Mr. Wood. You made our high school career fun and enjoyable. You both made it possible for a sweet senior trip from all of the fundraisers we have done. You have given us the opportunity to make money for our class in ways that are actually fun, such as Santa's breakfast.

Mr. Wood

SENIOR HISTORY

When thinking about the Class of 2019 we consider ourselves "the most hated class of TFHS". From "vandalising" the school sidewalk (Hallway Wars '17) and the infamous mascot change to the Friday Prom fiasco, broken computers, an almost- Thursday graduation, one thing has been certain: our years in high school have been interesting ones.

As **Freshmen**, everyone knew our class was doomed from the start when Mr. J signed on to be our class advisor. For our first Hallway Wars, "Pink Panther" was our theme, getting fourth place. Our first annual Santa's Breakfast, inherited from the previous graduating class, made us over $700–a good place for fundraising.

Our **Sophomore** year was definitely an unusual one. Mr. Wood joined Mr. J as class advisor. Our "Minnie and Mickey" theme for Hallway Wars earned us second place. However, our mischievous personalities really showed with our decorations. (FUN FACT: Hot glue does not easily come off of walls.) We were also introduced to some of our favorite people; Joseph Paoletti's intellectual personality and Peter Scully's pterodactyl-like screams will always be something our class will never forget. Also, our 2nd annual Santa's Breakfast was a great success, $2,000 to put towards prom and our class trip. Along with our achievements, the Indian mascot challenge was something we will never forget. The heated debate and subsequent removal of the Indian mascot lead to a much participated walkout by students protesting this change.

Things really started going downhill for us during **Junior** year. For Hallway Wars, our theme was "Princess Peach." During hallway decorating, we accidentally got a line of pink spray paint on the sidewalk, the act itself making us the heinous "vandals" of TFHS. We also got in trouble decorating during Booster day lunch (unaware this wasn't allowed). Our 4th place in the Hallway Wars was superceded by our 1st place win, once again, for the Pep Rally's tug-of-war. The 2018 Prom we put on was another thing that further cemented our self-proclaimed title as the most hated class. Our decision to break "tradition" and have prom on a Friday instead of a Saturday was an unknown, almost taboo concept. This drastic change caused many problems with people threatening not to attend prom. In spite of this, our "A Night Under the Stars" themed prom was a success and those who were originally unsure still came, regardless of the date. Our third Santa's Breakfast almost faced failure when weather conditions kept people from attending. Despite icy roads, we still had a profitable fundraiser. The last significant event that happened during Junior year was when a new mascot was finally decided on after a year-long discussion. Our beloved new mascot became something we will alway cherish: The Turners Falls Thunder.

Finally, during our **Senior** year, we redeemed ourselves from the previous Hallway Wars disaster with our "Candyland" theme, snagging us first place. Once again, we achieved a first place victory for the pep rally tug of war, despite Junior opposition and the rope snapping in half. It was bittersweet hosting our last Santa's Breakfast knowing that it was our last and that the money raised during event will be put towards our class trip, one of the last times we will be together as a team. When we finally do graduate, our reputation of being an extremely disliked class will always be remembered. We will also know truly deep in our hearts when we receive our diplomas: Thank god we get to see you all go.

--Anna Kochan, Class Historian

CLASS HISTORY

Our junior year had a bumpy start but that's no surprise for our class. We began this year with no class advisors and experimenting with co-presidents. We learned the hard way that both of these things were very difficult to deal with. Despite our struggles we began our planning of prom which will be held at the Log Cabin in Holyoke on May 11, 2019. We currently have not decided on our theme but the interesting suggestions of Eminem and dinosaurs are still in the running. Our Hallway Wars theme was seasons. We won third place for it and lost in overall spirit. That's no surprise however, we are not the most enthusiastic class. After snapping the rope during our first try, we got second place in tug-of-war against the seniors (although we can all agree if it wasn't for the bad call we totally would have won). We also had many classmates participate in powderpuff. Our junior/freshmen team ("the slim shadys") were led to a solid second place by our coaches Ant Peterson and Liam Driscoll, losing to the seniors/sophomores 12-0. Our athletes also had great seasons and achieved impressive titles. Other than sports, our classmates are also involved in events such as the musical, *The Little Mermaid*.

THE SOPHOMORE CLASS OF 2021

has been working very hard to come up with fundraising ideas. During spooky season we kicked off the year by selling boo bags consisiting of a full size candy bar and other candies, continued the year running concession stands during basketball games and we're currently in the process of selling class and community t-shirts with our new thunder logo. The funds gained from our recent fundraisers are all contribuintg to prom which we are beginning to plan and will be hosting in the months to come. We held our position of 2nd place for Hallway Wars and upped our game by winning 1st place overall for Booster Week.

Across the globe a wave of change has been put in affect. Meghan Markle became the first women of color in the British royal family. Saudi Arabian women are now allowed to drive. Likewise women in Iran are finally allowed to attend men's sport games. Finally the war between North and South Korea has ended. Furthermore the people who hold a place in the U.S. have made a huge leap in a positive step. Colorado has elected the first openly gay governor in the U.S.. The first Muslim and Native American women were elected into Congress. A city in Georgia has an entire criminal justice system led by black women. And for the first time in Marine Corps history a women is in charge of an infantry platoon.

VARSITY

CASSIDHE

Senior Cassidhe Wozniak plays softball, ice hockey, and field hockey. During Cassidhe's field hockey season she set a goal to reach both one hundred goals and one hundred points by the end of the regular season. She reached one hundred points on 9-27-18 at Franklin County Tech, and then hit one hundred goals on 10-23-18 at Palmer. Cassidhe plays midfield, which takes a lot of strength since you need to be able to run up and down the field without tiring. Cassidhe said to me, "I believe I am strongest at being a good leader and strong leader. I am a good and strong leader because it's someone who is helpful and supportive of their team mates." How important is it for you to excel in field hockey? "Very important because it's something I love doing and I wanted to accomplish the goals I set for myself." Which do you need to improve upon? "Not getting carded and I need to work on my temper." Do you enjoy field hockey? "No.... jk *hesitation* yes." Where did you score 100 points and 100 goals. "Tech and Palmer". What was your favorite game to play in? "I would have to say the game against Palmer". What do you think the worst game for you was? "Probably either Frontier in post-season or Greenfield on Booster Day" What should Coach Becky look for in a captain for the new season? "Becky should look for people who are willing to tell people or help people work on thing they need to improve on. This is important because we need a good leader that the girls can rely on." What did this team mean to you? "A lot because they helped me reach my goals and supported me in my last year playing field hockey." What do you hope the next/ upcoming team will accomplishments will be? "My hopes are that the team will accomplish a special bond on and off the field that will help the team succeed into the season and further on in post-season, and win WMASS." ***Interview by Jules Rode***

Owen Darling

Owen,

We have seen you grow from being the quiet little brother to the outspoken and independent individual you are today.

We look forward to your future as we watch you follow your dreams where ever they may lead.

We wish you peace, love and happiness as you make your mark in this world.

We love you with all our hearts,
Mom & Dad

the girl you were then,
the exceptional woman
you are now,
and the wonderful

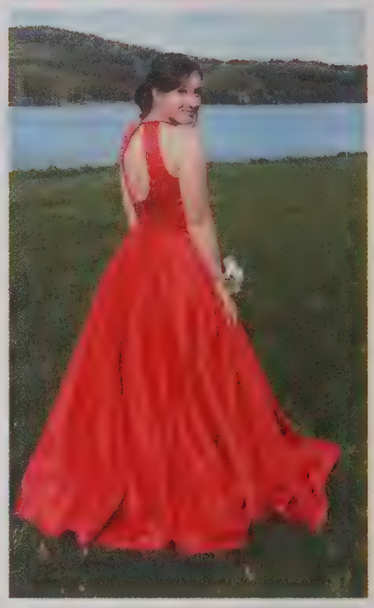
you have always been.
Keep reaching ever higher.

Love always,
Mom, Sophia & Matthew



To Our Dear Cailyn,

You are so loved and we are so proud
of everything you have accomplished.

You are sweet, kind,

always a joy to us.

The path before you will have

Dizarre
LOPEZ

I am the luckiest mom in the world to have a daughter like you. You are such a beautiful, strong, thoughtful, loving person. You bring sunshine to my life daily. You always work very hard to get what you want. Life is not always easy but you take and make the best of what life throws at you. You are going to be very successful in your future. I love you more than words could ever say. Like I always tell you "Life is what you make it" Take your dreams and go for it. Never let anybody tell you can't do it.

Love,
Your Mom

I am so proud of you. Make your dreams come true with your horses. Congratulations.

Love,
Uncle Brian

I am honored to have had you weave your way into my life, and to have been able to watch you grow into the outstanding young woman you are today. When I first met young Dizarre, I thought to myself, "Oh my, what a charismatic, boisterous, passionate young lady." And to this day, I can respectfully say the same. There has never been, never will be such a tenacious lady in my life, and for this I am thankful. When you see a challenge, everything about your being accepts it and takes it on full force. You are not easily deterred – which an amazing asset to have. Keep being you, Dizarre. You are the only one brave and magnificent enough to be you. Whenever this great, crazy, alluring life may take you, go with your whole heart.

With Much Love and Admiration,
Becka

Dizarre Congradulations. You've always done what I know you could. Now is the next journey in life. You will excel at whatever you put your mind to. I love you and always will.

Love, Gramma.

I am so incredibly proud of you. Not only for graduating but for being who you are today. It has been an honor to see you not only being born but grow into the incredible woman you are today. It has not always been easy for you but you have always pushed and followed what you believe in. You are kind, loving, loyal, funny, stubborn as hell, and clumsy. If you were not that way, you wouldn't be you. I love you for the way you are. The sky's the limit.

Love, Auntie Kate

It's been quite a trip going through this journey with you. It all started with my baby girl who became my little helper, my fishing and hunting partner, my awesome athlete and now a young woman who is graduating. We both learned and enjoyed a lot so far. You've always made me proud to call you my daughter and I know this next stage of our journey will be as good as the first, you know I'll always be there for you so let's "put another dime in the jukebox baby" and get the party started.
Love always, Dad

Alexis Lacey

You are loved for the little girl you were, for the special woman you are and the precious daughter you will always be, so always remember you are braver than you believe, stronger than you seem, smarter than you think, and loved more than you know. I am so proud of you and you ae the shining example of what every mother deserves.

Our Wish

We hope the days come easy and the moments pass slow,
And each road leads you to where you want to go.
If you're faced with a choice and you have to choose,
We hope you choose the one that means the most to you.
If one door opens to another door closed,
We hope you keep on walking til you find the window.
We hope you never look back, but you never forget,
All the ones who love you, in the place you live.
We hope you always forgive, and you never regret,
And you help somebody every chance you get.
We hope you find God's grace in every mistake,
And always give more than you take.
If it's cold outside, show the world the warmth of your smile.
But more than anything,

OUR WISH, FOR YOU,

Is that this life becomes all that you want it to.
Your dreams stay big, your worries stay small,
You never need to carry more than you can hold.
And while you're out there getting where you're getting to,
We hope you know we all love you.

~Love,
Mom, Dad, and Jake

There are three types of people in this world.
Those who make things happen,
those who watch things happen
and those that wonder what happened.
You are going to MAKE things happen!
